From the General Secretary

Dear Shipmates,

Well Saturday marked the 40th anniversary of the Argentinian invasion of the Falkland Islands so that certainly starts the ball rolling with a season of commemorative events leading up to our own Annual Conference weekend over the weekend of 17-19 June. Our Comms team, Mary Prescott and Mike Gray, will be putting a new post up each day with news of what happened on that day in 1982 – a sort of Falklands Conflict day-by-day. Link here.....

<https://royal-naval-association.co.uk/> If you didn't see it, Channel 4 did a fascinating documentary last week entitled *Falklands War: The Untold Story* which is still available on Ch4 catch up. Meanwhile, planning for our w/e is coming together so please see the detail at Item 3. And don't forget the exceptionally kind gesture from Portsmouth University who have offered us vacant student accommodation at discount prices.

With the weather improving, although I confess it was a bit parky, the Portsmouth RNA cyclists mustered for the first time this year led by S/m Craig Foulton who some of you may remember as Chief Exec of Aggies a few years ago. Craig is also organising a ride out on the Friday afternoon of the F40 weekend. It is still early in the planning phase, but the intention is to enjoy a ride during the afternoon (17th June) and then hopefully gather together with the Motorcycle Riders and the Classic Car Group at a time to be confirmed at the Falklands Memorial Copse on Portsdown Hill (where a tree was planted for everyone who did not return).

As for the ride itself; the intention is to try to meet the needs of every ability, so we envisage two or three different groups riding at different average speeds for different distances. So, get your old tracksuit or your lycra dusted off! For now, all you need to do is to include your bike in your travel plans for the weekend - and drop Craig Fulton a line (craig@govguide.co.uk) to let him know you are in.

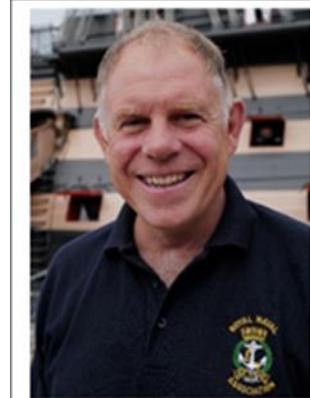

And, for those who are local, please feel free to join us for a social cycle on the first Saturday of the month. The usual routine is to meet about 0900 and have a spin for a couple of hours, stopping of course for the obligatory coffee at a suitable venue. Again, please contact Craig and we'll add you to the comms. All are welcome and no-one is ever left behind. Ideally, we'd like to start this at Branches/Areas around the country so if anyone who is a keen cyclist and wants to start something please let us know and we can advertise for you in the Circular or the Short.

Disappointingly, the Fishing Group who have organised a meet at the pond at Southwick Park on Friday 17 June, tell me that they will not be able to run it if they don't get more interest. So, if you are a keen course angler, get your rod packed for the Conference Weekend and let Selwyn Davies know you're coming down. He's on Selwyn@royalnavalassoc.com and he tells me that fly fishing is also permissible too.

Also, this is the final call for **discounted Army v Navy tickets** at Twickenham on 30th April. Buy your tickets through us and you'll get a fiver off the face value and, if you want to run a bus from your Branch, don't forget I can help with a grant from the Branch and Club Support Fund.

Finally, heartiest congrats and very best wishes to our very own Malcolm Little who became a grandfather earlier today. He is reportedly doing well!

Best wishes, Bill Oliphant

Chairman's chat

Hello again Shipmates,

First and foremost, I hope you have all read and submitted your Electric & Gas Meter readings for 31 March? If not, I suggest you do so now and don't delay. Without doubt, this unbelievable increase affects us all.

Sick Bay News: Not Covid, although you may well feel like you have got Covid symptoms, is a very nasty virus that we are experiencing here in the Cambridgeshire Area. Very much like flu, so look after yourselves.

HMS MARS Memorial Restoration Appeal: My thanks to those Branches and individuals who have so far responded to RNA Cork Branch 's HMS MARS Memorial Restoration Appeal. Although the Branch has not reached its target, it is not too late for anyone who still wishes to make a small donation to do so, as every little bit counts. Donations should be sent to Central Office either by cheque payable to 'Royal Naval Association' marked "HMS MARS" on the reverse or via Bank transfer to Sort code: 60-05-14 Account No 29671612 Reference "HMS MARS".

Membership: Continues to grow with Sara Field now dealing with an average of 10+ applications per day, so please be understanding if when phoning Sara you get through to her Voicemail (Answerphone in old speak). When I last asked for an update, the figure was 13535 – up from 9900 on 31 December 2020., what an amazing achievement. Keep spreading the word Shipmates.

Branch Admin: Just a follow up reminder from last month. Branch Secretaries are reminded to ensure their Year End Branch Returns are submitted to Central Office no later than 30th April – Branch Bye-Law B19 (c) refers. This must not be confused with the Annual Return required by the Charity Commission if your Branch is independently registered as a charity other than under the RNA's national charity No 266982. This also applies to Area Returns.

National Council Members (NCM's) and Deputy National Council Members (DNCM): As a follow up to my article last month, just a quick sit rep report. Since last September's National Conference there has been a marked turnover of DNCMs & MCMs. New NCMs that have been appointed are: NCM 3 Andy Christie, NCM 5 Peter Chivers, NCM 7 Lance Higgon-Young (was DNCM), NCM 10 Stirling Simmons (was DNCM), NCM 11 Roslyn Hastie-Murray (was DNCM) and NCM Scotland Stephen Elliot. These appointments have been made ahead of this year's NCM and DNCM elections because of NCMs retiring mid-term with DNCMs stepping up, or current NCMs elected last September. The result of this year's NCM and DNCMs elections will be announced at this year's National Conference in June.

A warm welcome is extended to them all and I look forward to working with you.

Ship Visit: A BZ to Area 10 Chairman Dave Wright, and RNA Wrexham on pulling out all the stops on getting S/Ms to attend a Ship's visit on Friday 25 March when HMS QUEEN ELIZABETH called at Liverpool. This came about as Bill Oliphant got informed of the Ship's visit at short notice by the Naval Regional Commander. Well done Bill.

Branch Social events: Just to say that my own Branch meets once a month for a Pub Lunch and Bi-Monthly on a Saturday for a Branch Breakfast (not to encroach on the local veterans' breakfast). This is a great way of supplementing the usual Branch Social activities and enables those unable to attend Branch meetings to meet up with Shipmates and keep in touch. Highly recommended.

Out & about: My thanks to Spalding Branch for inviting my wife and I to join them at a Lunch to celebrate the Branch's 60th Anniversary. Congratulations on reaching such a milestone. Next came attendance at RNA Stowmarket's AGM, the downside being not arriving home until 0100 due to the usual notorious road closures on the A14. Finally, a very interesting weekend in Edinburgh and the Scottish Area for inviting me the Dining Out of the Lord Provost, and attendance at the Scottish Area AGM and Quarterly Meeting. Without doubt, they have a strong Association of Wrens up there in Scotland, and my wife and I were kept well entertained after the meetings by the WRNS of RNA Rosyth & Fife who have not forgotten how to consume alcohol! What a delightful pleasure. All in all, it was a pleasure to meet so many S/ms from Branches and enjoy such warm hospitality - Thank You.

Area AGMs: Over the past month I have been approached by a few S/ms asking about Area Meetings, the reason being they wanted the opportunity to meet S/ms from other Branches. Can I ask Area Secretaries to email Andy Christie with details of your meetings so they can get published in the Semaphore Circular Long Cast.

Well Shipmates, that is it for now, and looking out of the scuttle I can see several Brass Monkeys running around -thermometer is reading 1c !!

To all serving Shipmates including reservists, maintaining the peace, and keeping the sea lanes open, keep up the good work, we are thinking of you. To all Shipmates and your families in the UK and throughout the world keep safe. For those at sea, a safe return.

Stay safe everyone.

Yours aye

Keith Ridley

2. ★ CONA Conference Meeting 08 April 2022 – Royal Maritime Club Portsmouth.

After two years since the start of the pandemic Conference of Naval Associations (CONA) is meeting again for the first time. Sadly during that period the membership list and Website needs a lot of love and attention. The Conference has already received confirmation that representatives from 25 Naval Associations will be represented.

CONA provides a direct platform to connect with the Navy Board, as the President is the Naval Secretary, Rear Admiral Jude Terry. It also provides a communications platform to connect like-minded organisations. CONA normally meets twice a year in the Spring and Autumn meeting, with the spring meeting in Portsmouth and the Autumn meeting this year in the West Country. It is hoped to hold and a Shipmates are requested to share this information with Ships Associations who's representatives would be provided with a very welcome. Please see the agenda for 08 April below;

For more information please contact the CONA Secretray Andy Christie at andy@royalnavassoc.com Your attendance at the meeting would be most welcome.

4. ★ RNA Cork and County Branch - Assistance Please - HMS Mars Project

Shipmates RNA Cork and County Branch would appreciate your assistance and are appealing for funds to enable them to refurbish the HMS Mars Memorial to coincide with the anniversary of the tragic accident 120 years ago.

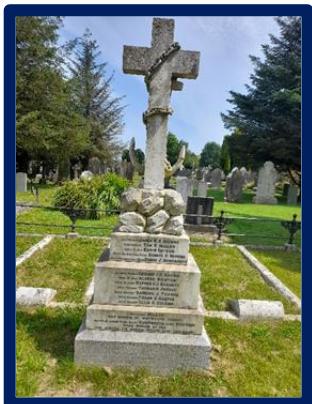

Very tragically twelve Royal Navy sailors were killed when a gun exploded on HMS Mars during gun practice off the coast of Ireland on the 14th of April 1902. Two of the casualties were buried at

sea, one of the sailors was repatriated to the south of England and the remaining nine of the sailors are buried in Cobh, County Cork.

As you can imagine, the intervening years have taken their toll on the headstones and professional help is required to refurbish them.

As this disaster occurred during training and was pre-war, none of the statutory bodies will consider grant aid towards the refurbishment.

The actual cost of refurbishing the headstones is in the region of €2,500 and it is beyond the small local Branch to cover it. Any assistance with this very worthwhile project would be greatly appreciated by the shipmates of Cork & County Branch.

Donations can be sent by cheque direct to RNA Central Office marked for the HMS Mars Project. Or direct into the RNA Bank Account Sort Code 60-05-14 Acc No 29671612 again ensure you annotate for HMS Mars Project on the payment.

A commemoration will be held on Sunday 24 April commencing at 1430 on Old Church Cemetery Cobh.

Thank you for your consideration Shipmates

5. ★ Branch Bank Accounts Charges

Shipmates may be aware that Banks are now charging charity organisations to manage their accounts. Shipmate Pete Aston, Hon Treasurer at Huntingdon Branch has forward the email below to forewarn other Treasurers about the bank charges so they can take alternative action plan to deal with these charges.

I recently noticed that we have started being charged an account fee monthly from January 2022, this is currently £5 a month and therefore £60 a year. With effect from next year there will be an additional 0.4% charge on Cash Deposits and 1.5% charge on Cheque Deposits. I was told they informed me last year but I have all correspondence and cannot find it. With it being early in the year with no transactions in our account I hadn't checked until I saw the statement. So far we have been charge £16. We are in the process of changing to a "Lloyds Bank Treasurer Account", this doesn't have any fees.

For information the CO-OP Bank is another Bank that does not charge Charitable organisations.

10. ★ Royal Naval Benevolent Trust – Update

Thanks to RNBT CEO – Rob Bosshardt for the article below which provides an update from RNBT.

Hosted by Portsmouth MPs Stephen Morgan and Penny Mordaunt, we were privileged to use the Churchill Room in the House of Commons as a superb opportunity to brief a number of politicians and other invited guests about our plans for increasing awareness of the help that we can offer to those in the naval community, who may not know about us or how to contact us.

The event was an important first step in engaging our friends and supporters in this our Centenary Campaign. We need everyone to spread this message as far and wide as possible.

To set off the event in style, the Royal Marines School of Music Corps of Drums performed a spectacular display of military precision and talented musicianship, followed by a keynote presentation from our Chairman, Captain Nick Fletcher to let everyone know about our plans and how they could help. For more information see [https://www.rnbt.org.uk/news/2022/03/house-of-](https://www.rnbt.org.uk/news/2022/03/house-of-commons-meeting/)

[commons-reception/](#) including how to receive a media pack to help you support our campaign.

Admiral Jellicoe House is nearing completion and is the final few weeks of the construction phase, on time, and the building is really starting to look good.

Although the grounds remain unfinished, we have had our

superb landscaping plan authorised by Portsmouth City Council, and that will take shape in the last weeks of the project.

Staff recruitment is going full tilt, and we are very pleased with the calibre of the applicants. There are still some vacancies, so please do encourage anyone interested to make contact with our Recruitment Team on [0121 713 6958](tel:01217136958) or email rnbtc@cohesionrecruitment.com for more information.

We have registered the Home with The Care Quality Commission (CQC), so we can expect the Regulator to visit in late May or early June to clear us to open in mid-June if all goes to plan. We are keen to hear from anyone interested in a residency: please contact Lindsay Yendall by emailing scm.ajh@rnbtc.org.uk or give Lindsay a call on [02394 216293](tel:02394216293). We will also be looking for volunteers to help at the Home. If that is of interest to you, please contact the Home Manager Gill Irish by emailing hm.ajh@rnbtc.org.uk or call [02392 690112](tel:02392690112) Ext 228.

17. ★ HMS Cardiff Hangar Stables

Our grateful thanks go to Stowmarket RNA Branch, Editor S/M Pete ‘Chivs’ Chivers - formerly a PO Scribes ... for this super dit!

Forty-one years ago, probably one of the most unusual signals ever received by a naval warship arrived in HMS CARDIFF's MCR for the attention of the then Captain. Captain M. Harris, Royal Navy. To transport two horses from the UK to Belgium, accompanied by their riders; two officers from the Lifeguards, who were taking part in some PR exercise that was happening in Brussels.

CARDIFF had just returned from a work-up at Portland, which had been followed up with a hugely enjoyable stopover for the crew to the City of Cardiff, and was now back in Pompey for a short period before heading back out to sea for a trip to Antwerp and a couple of other European ports. So, somebody in the MoD had thought it a good idea that CARDIFF would assist in the carriage of both horses and riders across the sea. Clearly, carrying non-naval personnel onboard was a given – but horses ! This was something new and it was agreed that somebody from the ship's company should help with liaison and safety whilst the ‘precious’ cargo was in the navy's charge.

So, in Daily Orders a request was made for any volunteers to step forward and help look after the four and two legged ‘guests’. With also a flurry of signals going back and forth between the ship, the MOD and Brussels, all of which landed in the Ship’s Office, one of the Scribes professed to having had some experience of looking after horses. With some ‘gentle’ nudging from the others in the office, and in his messdeck, Scribes was convinced that he should put his name forward to be the ‘Acting Stable Lad’, which was gratefully accepted.

He was now officially in charge of making all the necessary arrangements for the horses to be kept safe whilst onboard. It was a given that the largest space available to stable the horses would be the ship’s hangar, and Scribes was soon told that the horses could have this space all to themselves as the Captain had arranged for the ship’s Lynx helicopter to fly directly to Belgium.

All confirmed by the signal traffic that was still going back and forth and seen by Scribes. Indeed, Scribes found himself put effectively in charge of looking after the horses as the recognised ‘expert’ onboard.

Over the days leading up to the arrival of the horses, which would be a couple of days before the ship sailed (to allow them to ‘acclimatise’ to their new ‘stable’ arrangements), Scribes was given a ‘crash course’ by the Buffer in the use of rope and how to tie knots, useful when it comes to tethering. Confirming with the Chief Stores what stores mainly hay and oats) would be required and their delivery. Being shown by the Chief Stoker how the main water system worked onboard, including use of a mobile pump, so sea water could be used to ‘muck out’ the hanger. And lastly, speaking with both the PO Cook and Caterer on preparing the feed these ‘thoroughbred’ horses would require.

The Coxswain was briefed about keeping a steady helm when the horses were taken out onto the flight deck for their daily exercise, and the PO Writer looked up where in Naval Pay Regulations it said that Scribes could receive ‘special’ payment for undertaking ‘additional’ duties.

So, a week before the arrival, and by now having also read a couple of books on looking after horses, Scribes was asked by the Supply Officer if he was still sure he was okay with ‘helping’, to which he said he was and informed the SO that the Chief Stoker had just issued him with his overalls, hard hat, ear defenders, rubber boots and a bucket and spade. With the Chief Stoker also confirming that the spade was of a type that wouldn’t cause sparks on the hanger deck and frighten the horses! Scribes was all over it – and if necessary, he would sleep in the hanger during the journey. The Supply Officer mulled this over for a minute and rang the stores office to enquire about a hammock.

A day before the horses and Life Guards were due to arrive, several hay bales arrived, along with blankets for the horses, rope (for tethering) and a small horse jump (a plank nailed to two uprights, no more than a foot high), and a bag of oats. The following day, CARDIFF and the other ships on Fountain Lake Jetty were bathed in brilliant sunshine and at the pre-agreed time, up pulled a PSTO(N) naval stores lorry at the bottom of the ship’s gangway and out jumped the driver, who informed the QM that he had a delivery for the attention of Scribes. So, with the QM having piped for Scribes to come to the gangway, it led to most of the ship’s company (including the Captain) finding any vantage point on the upper deck to watch the ‘special’ arrival.

Scribes arrived at the gangway, dressed in his newly issued overalls and wellington boots, where he signed the delivery docket presented to him by the driver, and made his way down the gangway to help bring the horses onboard.

Scribes face was an absolute picture when the tail gate of the lorry was dropped, and on peering inside he found himself looking at two wooden horses staring back at him. The penny finally dropped, and now hearing the laughter of the whole ship’s company watching from their vantage points, he climbed into the back of the stores lorry, took one of the horses under his arm, jumped back off the lorry and carried it up the gangway, where he requested permission from the Officer-of-the-Day to bring his new charge onboard, which was duly given to loud cheers from those watching.

To his absolute credit, Scribes was laughing as much as anyone, especially when he was reminded by the Officer-of-the-Day what day it was – April 1st.

This is a ‘10 Clipper’ gen dit and it really did happen. It was Chivs who started the spoof, though he didn’t realise just how enthusiastically everyone else would join in.

Editors Note – What is it about Writers - whilst serving in HMS Falmouth one of ‘ours’ took a saucer of milk to the Hangar Roof to feed the Sea Cats!!

That really was a cracking bite Chivs..... But what have you started..... is there anyone out there that can Black Cat that?

20. ★ Assistance Please – White Mafia

Central Office has received a request for assistance from Lt Cdr Nick Toms the Deputy Fleet Logistics Officer at Navy HQ. He is asking if any Scribes, Jack Dusties, Caterers, Chefs or Stewards have a ‘White Mafia’ story to tell concerning the Falklands Campaign, please see below.

My name is Nick Toms and I currently work in Navy Command in Portsmouth. Once of my more random roles is to edit and produce the annual “Logistics Matters” magazine for our branch – the honourable evolution to the RN’s Supply & Secretariat Branch that operated with such skill to support the Falkland campaign Task Force.

For this year’s edition I would very much like to include some reminiscences from former “White Mafia” members who went down South. Given that the modern RN has now finally got itself back into the Carrier Task Group game, it seems a fitting thing to do in this 40th Anniversary year.

I wonder if there is any mechanism available to reach out to your membership to see if any old Cooks, Jack Dusties, Stewards or (heaven forbid!) Supply Officers would like to send in some snippets (humorous, dramatic or mundane...) for inclusion? Any snaps of glorious early ‘80s mutton chops and moustachioed chaps “doing supply stuff” would also be amazing.

In true naval fashion if you don’t ask you don’t get! Nick can be contacted at Nicholas.Toms369@mod.gov.uk and has a deadline date of **01 June 2022**.

21. ★ World Wide Interweb - Top Tip

Shipmate Ian McQueen very kindly forwarded this item to highlight to Shipmates who order ‘stuff’ Online how to avoid hackers.

Do you know the difference between HTTP:// & HTTPS:// when you open up a website address

Keep this in mind!! Especially those of you who order online. This is how hackers get your information.

Do you know what the difference between http is:// and

https://?

I don't know how many of you are aware of the difference, but it is worth sending to anyone who does not.

The main difference between http:// and https:// is it's all about keeping you secure. HTTP stands for Hyper Text Transfer Protocol. **The "S" stands for "secure".**

If you visit a website or web page and look at the address in the web browser, it will likely begin with the following: http://

This means that the website is talking to your browser using the regular "unsecured" language. In other words, it is possible for someone to "eavesdrop" on your computer's conversation with the website.

If you fill out a form on the website, someone might see the information you send to that site.

This is why you must never **ever enter your credit card number in an http:// website!**

However, if the web address begins with https://, that basically means your computer is talking to the website in a secure code that no one can eavesdrop. If a website ever asks you to enter your credit card information, you should automatically look to see if the web address begins with  https://.

If it doesn't, you should NEVER enter sensitive information such as a credit card number, SS #, etc. Hopefully, your eyes haven't misted over because it mat cost you hard earned money.....**remember https://**

22. ★ Assistance Please – Operation Christmas Box 2022

S/M Alan Key is the Treasurer of the Fleet Air Arm Association and would like to introduce you to a superb Charity that supports Servicemen and women who are on duty over Christmas.

We at the FAAA support this "operation" and have done for many years. Last year the only Military Associations that supported this cause were ourselves and the Royal British Legion.

Below is the contact details for the organiser Sally Little who will be able to give you details of the charity. It is a great way of showing serving members that we as veterans care as well as advertising your organisation. Sally Little 07973 225048 sally.little@operationchristmasbox.org

23. ★ Quick Joke for the Road

Did you know that having sex while drunk is banned in Iceland.....

Not sure about ASDA you will have to check their rules..... Boom Boom !!

HMS BRONINGTON - the historic former Royal Navy Mine Hunter once commanded by our future King, desperately needs help

The Mine Hunter, which was commanded by the-then Lieutenant Wales in 1976, sank at her moorings on Merseyside six years ago. The volunteers of the recently-formed HMS BRONINGTON Preservation Trust (formed 3 September 2021) believes there is a final chance to save the ship – now nearly 70 years old – before the elements finally take their toll (visit [Royal Navy](#) website for further information).

With the exception of HMS VICTORY, HMS BRONINGTON is the UK's last surviving wooden hulled RN vessel to be constructed (built as HMS HUMBER in 1953 at Beverley, East Yorkshire). Her final base port was Portsmouth (HMS VERNON followed by HMNB Portsmouth (MCM2 Squadron)) until she was decommissioned in 1988. She was converted to a Mine Hunter during a refit at Rosyth Royal Dockyard (1963 – 1965); alterations included the fitting of an enclosed bridge, a tripod mast and the Type 193 mine hunting SONAR.

HMS BRONINGTON is one of around 120 Ton-class minesweepers built in the 1950s. With hulls of mahogany, the TONS were the last wooden warships built for the Royal Navy before it switched to today's plastic-hulled Mine Hunters (HUNTS and SANDOWNs) in the 1970s. (More ship details, [here](#)).

HMS BRONINGTON is registered with National Historic Ships UK (NHS UK). NHS UK is the official voice for our historic vessels and contains a significant sub-group of around 200 elite vessels (including HMS BRONINGTON) deemed the National Historic Fleet (NHF) due to her "exceptional historical interest". Sadly, membership of the NHF will not prevent her from being scrapped. (Visit [NHSUK](#) website for further information).

The Mine Hunter served for nearly 35 years, finally decommissioning in 1988 after which she became a museum ship firstly in Manchester, then on the Wirral Peninsula. The trust looking after her – and other vessels, including Falklands veteran HMS PLYMOUTH – folded in 2006, since when she has been neglected, eventually sinking at her moorings in 2016.

Firstly, a dive survey is required to assess the state of the hull and whether there is any significant damage which may result in the project having to be abandoned. In June this year it is planned that the MOD (Navy) Salvage and Marine Operations (SALMO) will conduct a comprehensive underwater survey using ROVs and drones. Pending the outcome of the dive

survey (and integrity of her hull) it is then planned to pump her out, re-float and stabilise her using the services of a commercial salvage company with MOD (Navy) support.

The nearby, world-famous Merseyside shipbuilder Cammell Laird has agreed to take HMS BRONINGTON onto a slipway for restoration under their apprenticeship scheme if it is feasible to save her and the funding can be found.

The trustees want to see the wooden-hulled ship used to deliver yachting and diving courses, teach navigation, be hired for fishing/diving trips, filming, and used by Sea Cadets. If those goals prove too much due to cost and unavailability of equipment, then HMS BRONINGTON would revert to becoming a static display alongside or in a dry dock, open to the public, similar to her successful years as a museum ship on the Manchester Ship Canal.

Recent correspondence to HRH the Prince of Wales had an encouraging response. A letter received from Clarence House states that His Royal Highness takes a keen interest in all matters to do with his former ship and is humbled by the recovery efforts for this historical naval vessel. This project also has the support of my local MPs, Penny Mordaunt MP (a RN reservist) and Flick Drummond MP. The MOD (Navy) and United Kingdom Naval Engineering Science and Technology (UKNEST) have offered help with the dive survey, recovery, technical guidance and fund raising.

The trustees are very grateful for the generous donation already received from the Liverpool RNA and are hoping that the other RNAs may also be able to help. Any donation – large or small – will be gratefully received.

Should the project be abandoned, all donations received for this project will be donated to a Forces Charities. So far, the trust has raised over £6,500 towards its target. Further donations can be made via www.gofundme.com/f/help-restore-hms-bronington

For further details please contact Mike McBride, who is a Trustee of HMS Bronington Preservation Trust Limited on 07712 769411 or mike.mcbride@ntlworld.com

25. ★ Naval Children's Charity – April is Month of the Military Child

At the Naval Children's Charity, we believe that Naval children should be proud of their family's service, and that an affiliation with the military should be a positive and enhancing experience.

April is Month of the Military Child. This Ministry of Defence initiative looks to raise awareness of the hardships faced by service children, but also celebrates the benefits too.

There are so many wonderful ideas that schools, parents and other charities are undertaking to

celebrate. From special assemblies to art competitions, breakfast events to inviting service parents into classrooms, the creativity shown by our community is always a pleasure to see.

It's really easy to get involved. Follow the #MotMC hashtag on social media to see how others are celebrating. Also, keep an eye out for an announcement for our own special #MotMC competition. This sense of pride we want to instil in our Naval children must be based on a foundation of self-confidence and resilience.

Copies of Wisdom While You Work, an interactive notebook that helps older children and young people (10-25 years old) learn lifelong values and skills, are still available.

Email book@navalchildrenscharity.org.uk with the code WWYW, and the service number of their Naval parent or guardian, to receive a free copy.

RNA Spalding Branch

Our thanks to Shipmate Terry Carter Spalding Branch President for forward the article below describing the Branches magnificent 60th Commissioning Celebrations.

Spalding Branch celebrated being in commission for 60 years on 25th February 2022.

The branch wishes to thank Central Office for the generous donation from the Branch and Club Support Fund to allow us to celebrate the occasion in true naval fashion.

On this occasion the Branch restricted attendance to Members, their Spouses or Partners to a Luncheon at the Royal Mail Cart Spalding, where the branch holds impromptu lunches throughout the year.

Our Branch Padre the Rev.

Aileen prepared and conducted a short service in the Bar, and after a short speech by the Branch Chairman S/M Keith Crawford MBE, it was “Hands to Dinner” .

Guest of Honour was the National Chairman S/M Keith Ridley, who I discovered was also a Member, as I am of the elite RN Branch.(Stokers). …I am still ducking. After an enjoyable three courses, the two Keith’s cut the Anniversary Cake, “Up Spirits” followed, by the Loyal Toast It was then swinging the lamps time.

Like all Branches we are aware, our time is far from the present, as our was from Nelson, but I would hope there is comradeship as we

had, still with serving people. Spalding has a Maritime Heritage, and up to the 1950's was still accepting cargo's, though I think its Port claim was tittering.

There must be youngsters of all persuasion from the locality who are serving, shipmates want you to know that despite you may consider us to be a bunch of "Old Farts", we are not and would be delighted to see you and make you feel most welcome at our meetings. It would be 'Sweet' and we are still up for a laugh- sometimes at our own expense. It costs nothing. Second Thursday of each month time 2000 at Spalding Services and Social Club; High Street Spalding.

Come and meet us, the next 60 years are going to wicked.....

(Editor Note - BZ Spalding Branch what an achievement, congratulations)

RNA Salisbury Branch

Following Salisbury Branches successful Commissioning Function last August, branch Shipmates met up again with the Navy Larks to present the Cheque from the money raised at the event to the RNLI.

A cheque for £650 was presented by Salisbury Branch Chairman, S/M John Mussell to Mr Ray Stedman, Chairman of the Salisbury & Wilton RNLI.

A Further £100 was raised for the Salisbury Sea Cadets who were sadly unable to attend the presentation evening

RNA Scottish Area

A dinner night to honour the Lord Provost of Edinburgh, Councillor Frank Ross, was held at the Radison Blu Hotel in Edinburgh for his service to the Veterans Community during his tenure as Lord Provost of Edinburgh and Admiral of the Forth.

Guests included - The National President of the Royal Naval Association, Vice Admiral Duncan Potts CB, National Chairman, MEM Keith Ridley, General Secretary / CEO Captain Bill Oliphant RN, Captain Chris Smith ADC RN, Scottish

Area President and the Lord Provost of Aberdeen Councillor Barney Crockett.

The evening was hosted by Stephen Elliot, Chair of the City of Edinburgh Branch of the RNA and Karen Elliot BEM, Chair of Edinburgh and District Branch of the Association of Wrens who presented an engraved memento from the RNA.

The photo features the Lord Provost of Edinburgh Frank Ross with the ladies of the Association of Wrens.

(Our thanks go to S/M David Cutler for the article and photo)

RNA St Neots Branch

St Neots held an Oggie evening organised by S/M Maureen Ridley which brought back some West Country memories for many S/Ms.

S/M Keith Ridley extolling the virtues of the Oggie to S/Ms Paul and Val Godfrey from the Peterborough branch. In the foreground is S/M Mick Noble

S/M Pete Horner about to bite off more than he can chew with S/Ms John and Stella Gibbs tucking in.

Another highlight of the evening was a quiz which featured;-“Name 20 items that you would take with you if you were stranded on a desert island”

Among some of the many amusing suggestions were:-

A breeding pair of rabbits/A cooker with a solar panel/12 Bottles of Pussers Rum! (Doesn't do to die of thirst!)

The branch had an excellent start to their first good causes collection for 2022 at the St Neots branch of Tesco. Branch Support was, as always, excellent, as can be seen from the S/Ms on the first watches. (All those smiles and not a Tot taken yet!)

From Left-S/Ms Keith Ridley, Terry Brown, Anne Knowles, Simon Stearman, Jennifer Casey, Mike Milne, Kati Page, John Gibbs and Peter Plant.

Finally, The gentleman opposite was an extremely generous contributor, and as can be seen readily adopted the RNA culture. S/M Tony Webley doing duty at the stand looks on.

RNA Huntingdon Branch

Shipmates from Huntingdon RNA carried out a charity stall at the Peterborough Services station on 5 March 2022. It was good to be out amongst the public, chatting and promoting the RNA. BZ to shipmates Pete Aston, Colin Jones, Mark Fearon, Dick Bacon, and Terry Baker.

The same weekend, shipmate Pete Aston arranged a collection of essential items, on behalf of Huntingdon RNA, that would be shipped out to the people of Ukraine fleeing the war zone and in desperate need of help. Our hearts go out to all those suffering during such an unprovoked attack on their country.

On the 12th of March, shipmates Karl and Hilary Webb, in their roles as Mayor and Mayoress of Huntingdon, attended the Mayor of Rushden's Barn Dance organised with shipmates from Rushden RNA (see the separate article about Rushden Branch).

All in all, it is good to see the branch back out in public and collecting for naval-related charities in need.

RNA Rushden Branch

On the 12th March, shipmates from Rushden Branch assisted the Mayor of Rushden organising and hosting her charity Barn Dance in support of the Falklands Veterans Foundation, Rushden Royal British Legion, and Rowan Gate school.

Rushden RNA Branch President, S/M Paul McKay, worked with the Mayor of Rushden, Cllr Melanie Coleman, to tailor the evening with a mix of dance and entertainment to ensure the evening was a success. One of the

mayor's guests was the Mayor of Huntingdon, Cllr Karl Webb, who also happens to be a Life Vice President and Secretary of Huntingdon RNA, it was a great opportunity for representatives of the two branches to form a new friendship.

Photographs show Rushden shipmates at the Mayor's Ball, and a group shot with Rushden shipmates and the Mayor of Huntingdon (also Huntingdon RNA).

RNA Llanelli Branch

Shipmates should be aware that Llanelli Branch has a new Hon Secretary, S/M Linda Davies. S/M Linda's contact details are.....

[Alex Johnson](#)

[William Herbert Judd](#)

Alex Johnson - Area 12

It is with sadness that I have to inform you that Shipmate President, Alex Johnson crossed the bar, 24th Feb 2022, his 101st birthday in hospital. Alex was taken in on the night before with breathing difficulties.

Our President Alex Johnson was given a great send off 1/3/22, having crossed The Bar. On a glorious spring day, Shipmates from Area 12 along with members of the Royal British Legion and SNONI, gathered at the church. The Area Branch and the Royal British Legion standards lead Alex into the packed church, where they walked down the aisle, which was lined by a Guard Of Honour, consisting off Shipmates from Area and the Branch along with members of the Royal British Legion.

A memorable service was held, recollecting the life of our dear shipmate Alex. On completion, the standards lead out off the church, again through the Guard Of Honour. The cortege then heading to Carmoney Cemetery for the committal. There, the cortege was led by the Standards and a lone Piper, with a Guard Of Honour escorting Alex to the committal site. A short service was held, and then the committal, followed by the last post by the Bugler, and a lament by the Piper.

The citation was read out by the President of the Royal British Legion, N. I. Area. A Poppy wreath was laid, followed by family, friends, Shipmates and Royal British Legion members, dropping Poppy's into the grave.

(Our thanks to East Antrim Branch Secretary, S/M Geoff McConnell for forwarding the above obituary.)

William 'Bill' Herbert Judd - Market Drayton Branch

Market Drayton Branch Hon Secretary S/M B Westwood has forward some sad news concerning Shipmate William 'Bill' Herbert Judd.

Bill Judd Official No DJX 398999 crossed the bar earlier this month shortly before his 102nd Birthday. Bill was our oldest member and joined the branch on 07 February 2022 at age 99.

Bill joined the RN in 1943, for Hostilities Only, and became an AB Seaman Gunner. His first ship was the SS Clan MacArthur, a defensively equipped Merchant Ship, defending convoy's. His first trip was scheduled to go from the UK to Durban and then Mauritius. Unfortunately, after leaving Durban the ship was hit by three torpedoes from a German U Boat and his ship sank.

The lifeboats were hailed by the U Boat Captain who apologised for sinking the ship but that it was his 'Job' and he offered first aid equipment but that was all he could do! Luckily a day or so later a French ship rescued Bill and the 29 other men in the lifeboat and took them to Mauritius.

Bill will be remembered when Market Drayton Shipmates are sitting on his bench, which Bill donated on his 100th birthday, it takes pride of place in the memorial garden.

BZ Bill thank you for your service.

F40 WEEKEND EVENTS - SUPPLEMENT

Dear Shipmates,

Please find below a number of articles relating to events and activities relating to the Falkland 40th commemorations.

Shipmates the aim of the Falklands 40th weekend, which includes the 2022 RNA Conference on 17/18/19 June 2022 is to Reunite, Relive and Remember and just to emphasise this isn't just a weekend for those who took part in the Falklands Conflict; it's an opportunity for our entire membership to pay their respects to those who were lost and who contributed to the effort, whether serving RN, RM, RFA, Merchant Navy, Dockyard workers, spouses, or children of those serving.

Unlike previous recent RNA AGM/ National Conferences, the events of the weekend will not be centred on a single venue. Delegates and attendees should therefore seek their own accommodation in Portsmouth. To help, a list of accommodation venues and websites is attached.

The RNRMC is supporting this activity and Branches are invited to **apply for grants** for transport for Shipmates to be able to attend the F40 weekend. More details can be found at [Falklands 40 Fund | The Royal Navy and Royal Marines Charity \(rnrmc.org.uk\)](https://www.rnrmc.org.uk/falklands-40-fund)

REUNITE

On the Friday, our Special Interest Groups will gather in their clusters to take part in activities around the Portsmouth area. All our members are invited to be involved in this, whether they've joined a Special Interest Group yet or not. We're hoping that there will be an activity to interest everyone and plans are still being developed to bring more to the programme over the coming months. If you don't find something that sparks your interest but have an idea for an RNA group/activity you would like to be the Group Leader for then please do get in touch with us and let us know. Email us at: admin@royalnavalassoc.com

The Special Interest Groups are a new initiative from the RNA, so these events will be an inaugural activity for most, meaning you can be involved right from the start! Each group has its own Group Leader for you to email and express your interest to.

Golf – The RNA Golfers will be gathering at Southwick Park Golf Course on Friday 17th June for bacon butties and 18-holes across the land that Churchill and Eisenhower plotted the D-Day landings from. To be involved in this, please express your interest to their Group Leader, Colin Dinsdale – rna.golfers@gmail.com

Cricket – Are you a cricketer? Would you be keen to join an RNA Cricket team? The Royal Navy's Burnaby Road will be hosting a cricket match for us, against the Royal Marines Association, and we need a team! The match will start at 1300 on Friday 17th June, with refreshments served at around 1630 on completion. Clearly, this will also be a great spectator event and the bar will be open throughout. ★ Invitation to Bereaved Family Members to attend the RBL Falklands Conflict 40th Anniversary at the National Memorial Arboretum 14 June 2022

Commemoration of the 40th Anniversary of the Falkland's Conflict at the National Memorial Arboretum

The 40th Anniversary of the end of the Falklands Conflict will no doubt be time of great personal reflection for all those connected with the military and civilian effort to liberate the Falkland Islands and, most especially, for those whose loved ones paid the ultimate price.

In recognition of this sacrifice, I am writing on behalf of the Royal British Legion to extend a warm invitation to you and a companion to join the RBL and veterans of the conflict in remembering the anniversary at the National Memorial Arboretum on Tuesday 14 June 2022.

On the morning of the event, there will be an opportunity for unit Associations to conduct intimate commemorations at their respective memorials within the Arboretum. In the afternoon, there will be a tri-service commemorative event, culminating in an Act of Remembrance, based around the Armed Forces Memorial. This will feature veteran testimony from key moments in the conflict.

Should you require it, accommodation will be provided at a local hotel for you and your companion on the night of Monday 13 June 2022. Transport will be provided to take you to and from the Arboretum.

It would be a privilege to have you join us on 14 June 2022. If you would like to accept this invitation, please email falklands@britishlegion.org.uk with your name and contact details as well as those of your chosen companion. We will be in touch to discuss the finer details of the event in early March.

For further information on the Falklands 40 Commemorative Event, please visit our [website](#).

I hope very much to welcome you to the Arboretum in June.

Kind Regards,
